Further to the publication of various articles in the mass media mentioning the company, we hereby inform the shareholders and investors of the following:

Oil Terminal Constanta is Romania's sole oil terminal via sea, exclusively providing crude oil and petroleum products handling services for its clients, both Romanian and foreign. Due to its position as a regional hub, Oil Terminal maintains an extensive client portofolio and is obligated, including by the petroleum agreement signed with ANRMPSG (National Regulatory Authority in the Mining, Petroleum, and Geological Storage of Carbon Dioxide), to provide services under the same conditions for all its clients. Oil Terminal has the obligation to guarantee excise duties for goods introduced into the oil terminal, which is authorized as a customs warehouse.

References are being made in the mass media to various clients of Oil Terminal and various operations taking place inside the customs warehouse. We specify that these commercial operations are carried out in compliance with Romanian fiscal and customs legislation, and we ensure compliance with the legislation in cooperation with state authorities.

We hereby inform you that **no client is currently utilizing Oil Terminal's guarantee to transfer diesel fuel from the customs warehouse to a fiscal warehouse**. Goods leaving Oil Terminal customs warehouse for various fiscal warehouses are transported under the Administrative Accompanying Document regime and the bank guarantee for such a transfer of goods is the responsibility of the **Registered Consignor**, which may be **either the client or the receiving fiscal warehouse**.

Oil Terminal Constanta firmly rejects any suggestion regarding its involvement in any act of fiscal evasion.
